

VerticalLayout

BeforeEnterObserver

com.frontend.Login.LoginView

```
graph BT; LoginView[com.frontend.Login.LoginView] --> VerticalLayout[VerticalLayout]; LoginView --> BeforeEnterObserver[BeforeEnterObserver];
```

The diagram illustrates a class hierarchy where `com.frontend.Login.LoginView` is the base class. Two subclasses, `VerticalLayout` and `BeforeEnterObserver`, inherit from it, as indicated by the arrows pointing from the base class box to the subclass boxes.
